Data sheet

FormRest 50

FormRest 50 is a pin module for production. Placed in a machine vise or on a base plate, its pin field takes the shape of the workpiece and is locked with a single clamping screw. The module then works like a jaw that was machined for exactly this part.

Technical data

Description	**FormVise 50**
Order no.	**41.0312**
External dimensions W x L x H	**52 x 63 x 72 mm**
Pin field W x L	**32 x 39 mm**
Number of pins	**34**
Pin diameter	**6 mm**
Pin stroke	**12 mm**
Weight	**1,25 kg**
Clamping element	**M10 hexagon socket**
Tightening torque, clamping screw	**25 Nm**
Clamping mechanism	**manual (clamping screw)**
Max. axial holding force	**3,7 kN**
Pneumatic connection	**M5**
Operating pressure	**6 bar, filtered compressed air**
Mounting position	**any**
CAD data	**STEP**

Issue date: 2024-06

(fictional company for assessment purposes)

Operating conditions

Ambient temperature	**+5 °C to +60 °C**
Coolant / liquids	**yes, resistant to water-based coolants and cutting oils**
Mounting position	**any**
Recommended max. workpiece weight	**8 kg per support**

Typical applications

- support of long workpieces in machining
- counter-support against vibration

Maintenance

Blow out the pin field with compressed air after every shift.

Lubricate the pins with Alvery pin oil (49.9100) every 250 operating hours.

No wear-relevant parts apart from pins and clamping screw.

Spare parts

Article no.	Description
41.9006	Replacement pins Ø 6 mm, pack of 10
41.9010	Clamping screw M10, hardened

Included in the following sets

Accessories: FormRest 50 (41.3139)
